

Dear Replacement,

Congratulations on being chosen to volunteer at the preschool. I am positive that you will enjoy every moment as I did. Mrs. Farren is a great teacher and really appreciates when you step in to help without being asked. Mrs. Farren's class is a smaller class than the rest because they also have special needs students. Don't be afraid to interact with any of the students they are all very kind even though they might fight over you sometimes. Something I found helpful and something Mrs. Farren uses in her classroom are using timers and taking turns. In addition to Mrs. Farren there are two other teachers in the classroom, Mrs. Bessley and Mrs. Janos and if you ever have any questions don't be afraid to ask them, they are all very nice and supportive. The first day I volunteered I went around the classroom and introduced myself to every student and Mrs. Farren greatly appreciated that I stepped in and interacted with them the first day. If you have initiative and participate you will do great. When your done cleaning up after center time and your not assigned a task go and participate in circle time with the rest of the class and don't be afraid to sing and dance because no one will make fun of you. Also be a positive role model because the preschoolers really look up to you and you can encourage them to participate or change their day when their having a rough time.

Overall, you will enjoy volunteering with Mrs. Farren and make a lot of new small friends. Last but not least don't forget to have fun!

Sincerely,  
Susana Chavez
